ABOUT ME

I am a dedicated and ambitious undergraduate student at ICBT Campus Colombo, pursuing a BSc (Hons) in Business Information Systems, affiliated with Cardiff Metropolitan University(UK). With two years of academic experience, I have developed a solid foundation in both business and technology, equipping me with the skills to analyze and solve complex business challenges using innovative information systems. I am eager to apply my knowledge and passion for technology in a dynamic and growth-oriented environment.

EDUCATION

**BSc (Hons) Business Information Systems,
Cardiff Metropolitan University (UK)**

2022 - present

Diploma in IT (DITEC), Pearson - Esoft Metro Campus

ACADEMIC PROJECTS

Implemented and designed an Online Book Ordering System for a Bookstore (Reader's diary project)

Developed a comprehensive online book ordering system using SDLC methodologies, with optimized data models, DFDs, use case diagrams, and prototypes, enhancing customer experience and streamlining operations.

Movie Booking Website (Cinemaplex project)

Built a responsive movie booking website using HTML, CSS, JavaScript, SQL, and PHP. Developed functionalities for browsing movies, selecting showtimes, and booking tickets, with efficient database management.

Clothing Company Website Design(Group project - Avyaya clothing)

Contributed to the UI/UX design phase, ensuring brand alignment and an intuitive user experience for an e-commerce clothing website.
